ODES TO TOOLS

A collection of 25 uncommon poems
inspired by common hand tools

In Odes to Tools, Dave Bonta's wide-ranging intellect and voracious curiosity are on full display, as is his insistence that we come to know the world that is forever passing from us.

—Todd Davis, author of *The Least of These*

Enchantment of the highest order, conjured as it always should be out of the unlikely and everyday.

—Clive Hicks-Jenkins, Welsh artist
